IMPORTANT SAFETY RULES

**WARNING**
Keep your work area clean and well lit. Cluttered and dark work areas may cause accidents or injury.

Keep bystanders, children and visitors away while operating. Distractions can cause you to lose control.

**CAUTION**
Do not force tool. Use the correct tool for your application. The correct tool will do the job better and safer at the rate for which it is designed.

Store out of reach of children and other untrained persons. This unit can be dangerous in the hands of untrained users.

**WARNING**
This is a cutting device. Do not place hand near Pushing Block and Cutter. Don’t hold vegetable or object in place during cutting. Prevent pinch injury by keeping hands clear of Lever and Push Rods.

Use common sense while operating this unit:
Do not use this tool if you are:
- Feeling tired or are under the influence of alcohol or drugs.
- Wearing loose clothing or jewelry. Keep long hair pulled back and away from moving parts.
- Overreaching or have improper footing. Handling the tool in this way could cause injury.

THE BLADES ARE VERY SHARP! USE CAUTION AT ALL TIMES!

Unpack product from package and review contents. Keep all packaging until product has been reviewed.

A) During assembly, first firmly grasp the Food Tray.
B) Then insert the Food Tray into the Front face plate.
C) Install Lever and Push Rod

The French Fry Cutter can be mounted to a wall or table using the Base Mounts. The mounting surface must be flat or level. It must be sturdy to support the weight of itself or products placed on the French Fry Cutter, and the forces exerted when in use.

To mount, hold the unit in position and mark four mounting holes. Be certain that you do not drill into wires, pipes, hoses or ducts. Drill holes at each of the four marked points.
OPERATION

**CAUTION**

THE BLADES ARE VERY SHARP! USE CAUTION AT ALL TIMES!

Thoroughly wash and rinse the unit with hot soapy water before use.

For best results, DO NOT put unit in dishwasher.

Place the vegetable on the Food Tray and use a firm, quick pushing motion to move the vegetables through the blades. Repeat as needed until the produce is pushed through the blades. Keep fingers away from sharp blades. When cutting fibrous vegetables such as yams, sweet potatoes and onions, use the large blade. Keep hands and fingers away from sharp blades.

To produce the best strips, use fresh, firm fruits and vegetables such as carrots, cucumbers, zucchini, apples, yams, sweet potatoes, onions, white, red and yellow potatoes.

To change the blade, remove the three WING NUTS (on the front of the CUTTING PLATE FRONT STAND). (Figure D)

Place the alternate blade on the unit and replace the wing nuts.

To change the PUSH PLATE remove the two THUMB SCREWS and WASHERS from the PUSH PLATE BASE and mount the alternate plate in place. Replace screws. (Figure E)

The unit can be mounted to a sturdy surface or wall.
